

AGRI ACADEMY REPORT

In 2024–2025, Mamba Cement in partnership with Khulisani Agracademy, trained 19 local participants from the Raphuthi community. 9 of these young people have demonstrated exceptional commitment, consistency and a desire to build a sustainable livelihood for themselves through agriculture.

The participants of the Agri-Academy program graduated on 15 October 2025 and received a **National Certificate: Plant Production** which comprises of:

- Recording of Income & Different Costs in an Agri Business | US No. 116159 | Credits: 2;
- Apply Elementary Farm Layout and infrastructure | US No. 116172 | Credits: 2;
- Demonstrate an understanding of the Importance of Marketing | US No. 116164 | Credits: 2;
- Recognise Pests, Diseases and Weeds on Crops | US No. 116204 | Credits: 5;
- Plant Propagation (NQF Level 2) | US No. 116119 | Credits: 3; and
- Apply Basic Agricultural Enterprise Selection Principles | US No. 116158 | Credits: 2

This Accredited Agriculture and Entrepreneurship Certificate will hopefully open various avenues for self-reliance, self-employment or gainful work for these beneficiaries within the local economy.
